Economic Sanctions as a Psychological-Economic Device

Nadia Maftouni
Associate Professor/University of Tehran

This paper reports the results of a randomized experiment that seeks to identify the cause of the failure of sanctions. Most sanctions are ultimately employed as a psychological-economic device. They are meant to adversely affect the opinion of

INTRODUCTION

- The history of political thought basically dates back to antiquity through to the modern era. It covers a good number of Greek and Roman thinkers including the many schools of thought like those of the Sophists, the Cynics and the Epicureans (Mba, 2012:p2).
- Generally, Political thought could be divided into three historical epochs namely:
 - Classical
 - Medieval &
 - Modern Era
